Seasons

There are four seasons in a year: spring, summer, autumn and winter. In spring the days grow longer, the weather is warmer but it often rains and it can get very windy. We celebrate the 8th of March and Easter in spring. In summer the days are long and the weather's usually warm and sometimes even hot. We usually go on holiday in summer. In autumn the days get shorter, it gets colder and the leaves fall from the trees. We celebrate Halloween in autumn. In winter the days are short and it is cold and often wet, sometimes it snows. We celebrate New Year Eve and Christmas in winter.

Answer the questions.

- (1) How many seasons are there in a year?
- (2) What are they?
- (3) What's your favourite season? Why?
- (4) What holidays do you have in spring?
- (5) What do we celebrate in winter?
- (6) Are days long in winter?
- (7) Where can we go in summer?
